September 21-23, 2016, Varaždin, Croatia

Conference theme: BIG DATA – LEARNING ANALYTICS (LA)

ABOUT CECIIS

The 27th Central European Conference on Information and Intelligent Systems (CECIIS 2016) is organized by the Faculty of Organization and Informatics Varaždin, University of Zagreb, Croatia with the aim to promote the researchers involved in the development and application of methods and techniques in the field of information and intelligent systems. The topic of interest of the CECIIS 2016 is *Big Data* with the specific emphasis on *Learning Analytics*.

PAPER SUBMITTING AND PUBLISHING

A camera-ready full paper of up to 8 pages should be prepared according to the Instructions for Authors (CECIIS paper template) and submitted via the conference website. The compliant submissions will undergo a double-blind review process. Only the papers that are submitted on time, reviewed positively and for which the registration fee is paid can be presented and published. The papers will be published in the Conference Proceedings distributed at the Conference.

- Welcome cocktail with dinner (September 21, 2016)
- Half-day excursion with dinner (September 22, 2016)
- All coffee breaks
- Discounts at hotels and several restaurants
- Guided tour of Varaždin

CULTURAL HERITAGE OF THE NORTHERN CROATIA

Ludbreg-Koprivnica-Hlebine

HALF-DAY EXCURSION

ITINERARY OF THE EXCURSION

LUDBREG

Our trip starts with Ludbreg, a city which is, according to local legend, considered the center of the world - *Centrum Mundi*. We are going to explore the city: main square of the town; the Church of the Holy Trinity. The parish church was built in 1410 on the bases of the ancient Roman basilica; the Votive Chapel of the Croatian Parliament built in honor and glory of the Holy Blood of Jesus, which, together with the Stations of the Cross, form a unique exhibition of Murano glass mosaic. Finally, we will visit the Castle of Batthyány which is home to a well-known restoration workshop.

KOPRIVNICA

A small town with a big heart, Koprivnica is a unique architectural heritage. Sights worth seeing are the parish church of St. Nicholas, which was probably built on the foundations of a medieval Franciscan church; Franciscan Monastery and Church of St. Anthony of Padua; the old town hall which nowadays hosts the Town Museum; the Podravka Museum of Nutrition...

HLEBINE

Hlebine nearby Koprivnica is known as the world centre of naive art. We are going to visit the Gallery of Naive Art, the Josip Generalić Gallery and a folk collection in the old house.

Traditional dinner with music will be held in the soul food restaurant Podravka klet situated near Koprivnica in the beautiful hilly surroundings.
